OSA-5457-63

21 OCT 1963

MEMORANDUM FOR: Executive Officer
Deputy Director (Science and Technology)

SUBJECT : Rotation Plans on USAF Details Assigned
to OSA

REFERENCE : Memorandum from EXO/DD/S&T to EXO/OSA,
dated 7 October 1963, SUBJECT: Same as
above (DD/S&T-1605-63)

1. Attached is a schedule of the officer personnel assigned to OSA whose tour will expire between the period 1 April to 1 September 1964. This schedule indicates the dispositions taken on the cases to date.

25X1A 2. Although no senior officer personnel assigned to
[REDACTED] will complete their third year of assignment by
25X1A 1 September 1964, the SAC package which represents the
senior officers at [REDACTED] will be completing their three-
year tour in the last quarter of calendar year 1964. These
individuals and the dispositions made in their cases are
also included in the attached schedule.

3. As a matter of normal course, the extension or release and requisitioning of a replacement is focused on at least twelve months in advance of the individual's tour expiration date with OSA. This is a practical necessity in view of the lengthy lead time required to requisition and clear personnel. To date we have found that Colonel Geary has backed us on every reasonable and sometimes unreasonable request for tour extension on needed officer personnel. Of course, in the process of determining tour extensions, we obtain the concurrence of the officer involved in addition to that of his superior.

4. It is hoped that this has been completely responsive to the requirement levied upon you.
